

The Front Opening Fire Retardant Sackholder, available in 50 and 70 litre capacities is created with the end user in mind. Perfect for busy or compact spaces, this front opening bin is designed to make emptying easier for operatives. Available with a variety of lid colours, this fire retardant bin can also be used to define separate waste streams.

Manufactured from Zintec steel, the Fire Retardant litter bin undergoes a multi-stage degreasing and washing process, giving it superior durability and protection.
